

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

The Cooper's Neck play structure is a perfect way to keep kids active and entertained during playtime. They can get some exercise while reaching the upper decks of the structure by swinging from the Overhead Straight Rung Horizontal Ladder, climbing vertically up the Pod Climber, or scaling detailed nautical patterns of the arched Sea Creature Climber. The play structure contains two awesome slides for kids to enjoy. The impressive 66-inch Spiral Slide is an exciting feature which spins children around as they slide toward the bottom. For younger children, or those who want a gentler ride before they work their way up to the Spiral Slide, there is a 3-foot Wave Slide. The top of the structure has a Bubble Window Panel, which gives children a perfect view of the playground, and all their friends. Below that, there is a Gear Panel, with colorful spinning wheels that kids can turn.

Product Specifications

Model Number: PKP011P

Age Range: 5-12 years **Child**

Capacity: 35-40

Fall Height: 84"

Post Diameter: 3.5-inch

Product Type: Quick Ship

Safety Zone: 30' 5" x 32' 10"

✓ **ADA Compliant**

Elevated
