Product Description

The Eagle's Perch is a play structure that will make children feel as though they are on top of the world. It has a variety of engaging play components designed to provide children with a memorable play experience, including a slide, climber, and activities. The Pixel Climber has a unique design with cube-shaped blocks and holes that create a climbing experience unlike any other. The simple Transfer Station stairs provide an easier way up that is accessible to almost everyone. The upper platform is a full 4 feet above the ground when installed, making it a great vantage point for watching the rest of the playground. While they are up there, kids can enjoy the interactive Ball Maze Panel while being sheltered in the shade of the overhead roof. And when they get tired of life at the top, the Single Left Turn Slide is a quick, fun way to rejoin their friends on the ground. There is even a built-in Rain Wheel for a little bit of extra activity. These key features work together to create an exciting and dynamic play environment where children can explore, climb, slide, and engage in ...
