Product Description

Kids will sail away to a land of imaginative exploration thanks to the activity-packed Grand Cove playset. Ideal for children who love to zip down slides, the Grand Cove boasts two fun slides that flank either side of the structure: a Wave Slide and a Right Turn slide. Indeed, children will have a blast racing each other to the bottom and climbing back to the top via the structure's two dynamic climbers. And your tiny captains and pirates will thrill at the play set's nautical accessories like the Sea Creature Climber, which features footholds in the form of seashells and starfish, and a Ship's Wheel, providing the perfect portal into a land of dramatic play on the high seas. The structure also features a Gear Panel, Pea Pod Climber, and Bench Panel to engage children in interactive group play, as well as individual play.

The Grand Cove is available in a variety of color options, including primary and neutral palettes available for quick shipping. You can also choose your own custom colors for the posts and rails, climbers, play panels, and slides. This product is ...
