Product Description

Children will zip through the heights with this lovely, expansive playset. The Ladera Heights structure boasts a whopping three slides, making it a favorite for rambunctious kids of all ages. They'll be brimming with delight as they shoot down the structure's Left Turn and Wave Slides. Additionally, a Double Slide provides the perfect avenue for an afternoon of friendly competition as kids race each other to the bottom. An ideal structure for kids who love to climb, the Ladera Heights boasts a number of scaling opportunities, including a Pod Climber and an impressive Rock Hole Climber modeled after climbing gyms. On the ground floor, a Ship's Wheel and Bench Panel act as whimsical portals into a realm of imaginary and dramatic play. A Gear Panel on one of the platforms provides mental stimulation for kids who love to solve puzzles. And a Line Roof covering the two platforms offers plenty of shade and protection on hot and sunny days. The Ladera Heights model is available in both the neutral and primary color palettes as our Quick Ship option.
