## Product Description

Worthy Courage is an ADA-compliant commercial grade system that combines physical challenges with interactive play activities. Wallop the Single Drum to kickoff the musical expression. Spark imagination by turning the flower-shaped Rain Wheel to conjure up the sounds of a mighty storm and voyage the seven seas. Traverse skyward in one of two ways: a Figure Climber and a Pod Climber. The educational Figure Climber boosts fine motor and math skills with numbered hand and foot grips. Preschoolers in particular will want to try and climb the Pod Climber's goofy circular steps and reach new heights. Shimmy into the Tube Bridge and jet down the Right Turn Slide for added fun. Silliness from the audio components will mix with the happy hollers from the runners and sliders to draw even more friends to join the fun. Worthy Courage comes in a primary and neutral color scheme but can be customized to fit specific needs.
