ABOUT US

For loads of fun and family time, count on Swing Kingdom. A family operated manufacturer of premier vinyl playsets, we strive to design and build fine quality, affordable playsets perfect for children of all ages.

From the 500 square foot building where we started our business in 2000, to our current 43,000 square foot facility, Swing Kingdom has expanded to meet the growing demand for high quality, virtually maintenance-free playsets. We were the first manufacturer to combine vinyl PVC and structural wood, along with stainless steel corner brackets and hardware for superior strength. Today, we continue to use only the finest quality materials to ensure safe, durable playsets built to offer years of enjoyment.

Our play sets are loaded with activities that will spark every child’s imagination and encourage daily physical activity and never-ending fun!

AERIAL VIEW

A photograph of two young boys hanging from monkey bars on a playground. The boy on the left is wearing a black and white checkered hoodie and is looking down. The boy on the right is wearing a dark blue long-sleeved shirt and is looking towards the camera with a slight smile. The monkey bars are made of wooden beams and metal chains. The background shows a residential neighborhood with houses and trees under a cloudy sky.

Are your kids up for the challenge? We have exactly what you are looking for! With the Challenger Series, they will experience the next level of climbing and adventure. Fitness has never been more fun!

RUBBER MULCH

1 ton of Rubber Mulch covers 250 square feet at 3" depth.

Swing Kingdom rubber mulch can provide extra shock absorption for when kids fall or stumble while at play. With proper installation and adequate depth (around six inches), a rubber mulch surface will give up to 16 feet of critical fall height protection compared to gravel or wood mulch. It can cushion many mishaps and help your child avoid fractures, brain trauma, and other playground-related injuries.

Swing Kingdom rubber mulch has been proven time and again to be the best rubber playground mulch and protection surface. Its main benefits include:

Features/Benefits:

- Unmatched shock absorbency
- Significant reduction of playground injuries - creates safer playgrounds
- Non-toxic
- Minimal maintenance
- Will not attract insects or rodents
- Stands up to extreme weather conditions
- Exceptional longevity
- Won't dirty up kids' clothing, skin, and hair
- Cost-effective long-term option to regular playground infills
- Recommended by the Consumer Product Safety Commission to use as a playground surface
- Up to 60% savings versus ordinary engineered wood fiber or wood mulch in playground application
- Requires up to 50% less material than wood mulch
- Rubber mulch does not float, absorb water or blow away
- All of our products are proudly made in the USA, and are GSA, ASTM, and IPEMA certified

PLAYGROUND TURF

Features & Benefits:

- Drains quickly after rainfall for quicker return to play
- Natural look and feel provides visual appeal
- Low maintenance — no watering or mowing
- Cooler surface temperature compared to other surfacing
- Does not hide dangerous foreign objects
- Does not get in the eyes, mouths or hair of children
- Does not scatter onto walkways and cause tripping or slipping hazards
- Maintain a uniform impact resistance even in high traffic areas - do not get displaced like loose fill surfacing options
- Maintain effectiveness even in high humidity and cold temperature
- Does not support microbial growth — can even include an antimicrobial infill for an added level of protection against bacteria, mold and mildew

TURF CUSHION

Features & Benefits:

- Meets ASTM F1292 requirements for up to a 12' fall height
- Reduces allergic reactions caused by grass
- Dries quickly, allowing children to play immediately following rain
- Consistent HIC safety ratings
- Eliminates constant maintenance of loose fill surfacing

WE WANT TO THANK YOU!

Thank you for choosing Swing Kingdom playsets to enhance your backyard and provide your children with the safest playset possible. We're sure you'll appreciate the value and convenience of a non-splintering, low maintenance playset that your children will enjoy for years. Our goal is to provide unmatched safety and comfort in an innovative playset design that encourages active play. Unlike wood, our vinyl playsets will remain smooth to the touch. The innovative SLIP RESISTANT SURFACE is non-splintering, making it safe to play on day after day. The nontoxic, nonabsorbent vinyl material does not require the maintenance time and harsh chemical treatments that are necessary for wooden playsets. In addition, we use stainless steel hardware for extra strength.

We value your business. As a Swing Kingdom customer, you can always expect an excellent product along with the very best service we can provide! Thank you for joining the thousands of customers across the nation who chose Swing Kingdom.

- The SK Team

SWING KINGDOM WARRANTY

Swing Kingdom offers an extensive Limited Lifetime Warranty on your backyard playset.
