**Product Description**

What's better than one awesome slide? Three awesome slides! With the Montauk Downs playset, children will have a blast racing each other to the bottom and engaging in an entire day of physical and collaborative play. The Montauk also features one climber and an Overhead Ladder, with two different elevated platforms connected by a set of easy-to-navigate stairs. Once on the first platform, children can take the stairs to the 60-inch platform to zip down either the Left Turn Slide, Wave Slide, or Right Turn Slide, taking turns on the different chutes! Then, on the ground level, a Ship's Wheel, Store Panel, and Bongos all facilitate dramatic, creative, and social play for children of all ability levels. (And our ground-level accessories make the play structure ADA compliant.) The Montauk Downs playset will delight children of all ages and give parents and teachers a much-appreciated break. Expect years of happy memories and inclusivity with this charming structure.
