Product Description

Pursue an afternoon of happiness with the Port Liberty play structure. This charming and activity-packed playset features a 36-inch high elevated platform with a covered roof. This acts as the central hub for a group of engaging accessories, like the Spiral and Carrot Climbers. Children will have a blast zooming down the Wave Slide, which makes for a fabulously entertaining exit from the Port Liberty. Once kids have zipped down the slide, they'll find a Single Drum on the ground level that will provide tons of creative, collaborative, and ADA-compliant play. The sturdy Line Roof covers the platform, providing shade and sun protection for kids who've ventured to the park or playground on a sunny day. Your budding libertines will have a ball running up the stairs and scaling the climbers to reach the top of the slide. Ask about our color palette options to match the structure to your green space and existing playground aesthetic.
