Product Description

Take refuge in a dazzling open-air oasis with the Village Green play structure. This sprawling set features three elevated platforms of varying heights--48-inch, 42-inch, and 36-inch. Accessible by Number Climber, Vertical Ladder, or stairs, the play structure features a variety of accessories, including two dynamic slides. Kids will enjoy shooting down the Wave Slide and zipping down the Left Turn Slide to exit the structure. On the ground level, young pirates and mermaids will enjoy dramatic play facilitated by a realistic Captain's Wheel, which also makes the play structure ADA compliant. A vibrant and jaunty Leaf Roof covers the majority of the platform, providing shade and protection on hot and sunny days. Compact and activity-packed, the Village Green structure is ideal for daycare centers, parks, and schools that need to optimize fun and interactive learning in a small outdoor space. Available for quick ship in the primary and neutral palettes, it comes in a wide array of hues and will hold up to years of heavy use and fun!
