

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

Dogs need a place to relax, and so do their humans. With the Paw Print Table, everyone can take a breather and socialize. And unlike ordinary tables with a plain design, the Paw Print Table sets the theme for a dog park with its dog-themed details. The huge paw print on the table and paw-textured seats scream that this table is tailored for pets and their owners. There are six seats spaced thoughtfully to give a bit of room for dogs who might be a little shy around new dogs and their humans. The seats are also built without backs to allow dogs to move around easily. There are strong beams running under the entire structure and keeping it intact. There's an option to bolt the table to the ground for a permanent solution. You can leave it as an option if the table needs to be moved around in the future. The Paw Print Table comes in rust-resistant Dark Green and Neptune Blue colors.
