

 Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

Want to have a small fitness area for kids to work on their climbing skills? Ideal for kids aged 5 to 12, the Chain Ladder Climber fits well in limited spaces. Accommodating up to 4 kids, it's the perfect climbing arena for young athletes. It has a fall height of 96", yet it is a safe fitness ground anchored between a curved steel pole. The Chain Ladder Climber's unique design lets kids climb up and down easily. They can organize friendly matches to see who gets first dibs on the top of the ladder. The Chain Ladder Climber lets creative geniuses come up with unique fitness challenges, discouraging a sedentary lifestyle. One kid will try to climb with one hand tied behind their back. Their friends will attempt pull-ups on the top. It'll improve children's grip strength and upper/lower body strength at the same time.
