### Product Description

The 3 Piece Basic Kids Gym Course is an all-in-one outdoor fitness setup letting kids build strength in style. It has three structures, namely the Wavy Overhead Scaling Ladder, Triple Uneven Agility Bars, and the Chain Ladder Climber. All these equipment share one thing in common, kids need to climb using their grip strength. The Wavy Overhead Scaling Ladder makes each reach a little challenging due to its wavy design with uneven spacing between the rungs. The Triple Uneven Agility Bars are a mini obstacle course in itself. It lets kids get creative with pull-ups, hang time, and some monkey-style moves. The Chain Ladder Climber is a vertical climb that tests a kid's grip and coordination as they pull themselves up. Its chain design adds a little swing to the climb and makes it a bit more thrilling. All obstacles of the 3 Piece Basic Kids Gym Course strengthen the upper body and core strength upon regular use. The material of each piece is also built to last against weather and heavy use.

### Product Specifications

**Price:** \$5,080.<sup>00</sup>

**Model Number:** PGC017

**Age Range:** 5-12 years

**Product Type:** Kids Gym

**Safety Zone:** 29' 6" x 30' 5"
