

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

The 9 Piece Advanced Kids Gym Course is a serious obstacle course that's sure to turn kids into skilled athletes. With nine different stations, the gym course targets all muscle groups and skill levels. Most of the pieces share one thing in common, they all build grip strength in kids. These include the Wavy Overhead Scaling Ladder, Double Pole Climber, Pull Up Climbing Ladder, Triple Uneven Agility Bars, Parallel Training Bars, Single Vaulting Bar, and the Chain Ladder Climber. Regular exercise on them also improves upper body muscles by a lot since they all target those muscles in their own unique way. Aside from hanging, swinging, and moving across using hands, there's also a jumping activity. The Pebble Balance Course lets kids work on balance as they jump from one pebble to another. The entire 9 Piece Advanced Kids Gym Course is made with tough, weather-resistant materials. This means they're ready to tackle lots of activity and rough weather without flinching.

Product Specifications

Price: \$12,584.⁰⁰

Model Number: PGC018

Age Range: 5-12 years

Product Type: Kids Gym

Safety Zone: 38' 10" x 70' 10"
