

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

### Product Description

How about introducing birling to young park visitors? Riding this slippery Log Roll will be every kid's highlight of the day. They can control their balance and coordination while enjoying an exclusive ride on this solitary structure. With a fall height of 18", it's safe and stimulates kind of a running motion. A steel bar above works as a counterbalance. Kids can easily maintain their footing on the Log Roll, honing their speed and dexterity. Kids can act like attending the famous lumberjack shows in Tennessee. They'll race each other to see who rolls across the Log Roll the fastest. Or, they can try walking across it without falling off. The fun will double when they make it more challenging by standing on a foot or carrying heavy objects. Some kids will create imaginative stories about crossing the Amazon or climbing Everest. Log Roll is the perfect playground equipment to promote teamwork and friendly competition among growing kids.

### Product Specifications

**Price:** \$1,660.<sup>00</sup>

**Model Number:** PGC003

**Age Range:** 5-12 years

**Child Capacity:** 0-1

**Fall Height:** 18"

**Post Diameter:** 4.5-inch

**Product Type:** Kids Gym

**Safety Zone:** 13' 1" x 16' 11"
