

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

Product Description

Kids love doing things in style, and going from one point to another is one of them. The Pebble Balance Course brings that style to a simple crossing by turning it into a test of balance. Kids can hop, skip, and jump from one pebble to another, improving their balance and burning off energy in a productive manner. While the crossing will feel like just another fun experience to kids, they'll be building important skills in the process. The Pebble Balance Course doesn't come in one piece. This means you are free to arrange the pebbles in whatever style you prefer. You can space the pebbles unevenly to force kids to leap at different angles, twist, and turn to complete the course. Or simply arrange them in a line if you're tending to younger kids. No matter what the setup, the improvements in balance are guaranteed. The pebbles also have a tactile surface to provide traction and prevent accidental slips and falls.

Product Specifications

Price: \$972.⁰⁰

Model Number: PGC012

Age Range: 2-12 years

Child Capacity: 2-5

Fall Height: 20"

Product Type: Kids Gym

Safety Zone: 14' 6" x 18' 8"
