

Product Description

With an extra wide design, high back and strong steel construction, the Diamond Pattern Wide Seat Player's Bench with Back is ideal for placing alongside sports pitches for spectators to sit and watch, or for athletes sporting heavy equipment. The diamond pattern on the seat back and bench allow for good airflow which is essential for cooling athletes down in between games, and it also allows the quick draining of rainwater. The Diamond Pattern Wide Seat Player's Bench with Back is a solid design and can be concreted into the floor if you opt for the in-ground style, screwed to the floor with heavy-duty bolts through the steel ground plate, or used as a movable bench with the portable option. It's available in 13 colors so you can aim to match it to your school or college team colors so visitors really know they're in your territory when you play home matches. The thermoplastic coating protects the surface from dirt and dust, as well as scratches from sporting equipment or water jugs.
