

Octagon Portable Picnic Table with Diamond Pattern

\$1,283.⁰⁰

Product Description

Opting for the Octagon Portable Picnic Table with Diamond Pattern for your shared space or playground means you can accommodate up to eight children or adults, but there's also the option to remove either one or two of the benches so that the overhang becomes a place that wheelchair users can pull up into. The table has a thermoplastic coating covering the steel pipe, table surface and the benches too which gives it a lot of benefits. Not only is it resistant to water and moisture which can cause corrosion and rust, but it also makes the whole structure easy to wipe clean. This coating comes in a range of colors so you can match it perfectly to the color theme of your playground, and the standard and extreme options give extra choice. The center of the table has a hole to add an umbrella to the structure to provide shade and also protect the table underneath from UV rays and bad weather.
