

# Rectangular Double Pedestal Picnic Table with Perforated Steel

**\$2,689.<sup>00</sup>**

## Product Description

Available in 6ft or 8ft lengths, the Rectangular Double Pedestal Picnic Table with Perforated Steel comes in a variety of options. You can add an overhang to either or both ends of the 8ft version so it becomes wheelchair accessible. Choose from a myriad of colorful hues to suit the style of your playground, opting for a Standard or Extreme finish in thermoplastic which provides lots of great qualities to the table. Not only is it resistant to water so it can be left outside all year round, but it also has great UV protection so it won't easily fade in color after successive summers. Ideal for any community space including parks, trails and schools, the Rectangular Double Pedestal Picnic Table with Perforated Steel can be fixed in the ground with concrete, or it can be fastened with a plate to a concrete surface with bolts. The curved edges of the bench and table make it a great choice for kids, allowing for easy access on and off the bench seats.
