

## Octagon Single Pedestal Picnic Table with Perforated Steel

**\$2,081.<sup>00</sup>**

### Product Description

With the Octagon Single Pedestal Picnic Table with Perforated Steel you can provide a comfortable seating area for up to eight people. Or, you can make the structure ADA compliant by removing one or two of the benches from the sides so that a wheelchair user can have a place at the table. It is a great option when you need a seating solution that is fixed to the floor and can't be moved easily. It's possible to either concrete it into place with the in-ground option, or you can choose to bolt it down with a metal plate onto a smooth concrete or asphalt surface. You'll love the thermoplastic coating which can be added in a Standard or Extreme finish, giving your Octagon Single Pedestal Picnic Table with Perforated Steel the ability to withstand year round weather, scrapes, scratches, spills and cracking. There are numerous places you can use this table as it's ideal for family picnics in a public space, for kids to play on at school, or just a place for parents to socialize as they watch their kids play in the playground.
