

Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325

### Product Description

The 8 Foot Expanded Steel Picnic Table amps up your outdoor hangout space. With 16 feet of total seating along its 8-foot length table, it can handle quite a crowd. No more worrying about squeezing in or playing musical chairs. Everyone gets their own comfy spot to enjoy the sunshine and grab a bite. Rainy day? No problem. The table and bench surfaces have small perforations that let water drain right through. You're not left with puddles when the weather clears, which means the table is always ready to use and protected from rusting. Plus, those little holes make the whole setup lighter, so it's easier to move around when there's a change in place needed. But if you want this table to stay put in one spot, the bench comes with pre-drilled holes at the base. You've also got the freedom to choose colors. The 8 Foot Expanded Steel Picnic Table comes in black and dark green colors so choose whatever fits your setup the best.
