# Product Description —

Butler Overlook is an inclusive play structure that is accessible to children in wheelchairs to ensure they can access all areas. This play structure aims to make playtime all-inclusive so no child gets left wanting for fun. Children of all abilities can navigate Butler Overlook's entire elevated deck and reach any of its 3 activity platforms. It offers different climbers (Craggy Climber, Sea Creature Climber, and Snake Climber), panels, and 2 double slides to make the most of a kid's fun-with-pals time here. Made from heavy-duty plastic sides and PVC coating, it allows for better footing for dozens of kids jumping around. It also offers ample ground-level activities like Bongos, Single Drum and Gear Panel for those who don't wish to climb. Molded grips on a climber, shaped like a marine animal, encourage imaginative play and help kids develop climbing skills. A Drum & 2 Bongos stimulate kids musically so they can dance in rhythm & style. All children can have a good time in a safe, all-inclusive environment.
