Product Description —

Three ADA Ramps connect three hexagonal platforms for triple the fun for wheelchair and mobility aid users. Kids can play with a variety of interactive panels including a puzzling Maze Panel, a Drum Panel to be bashed in order to produce sound, a Gear Panel to discover mechanical workings, and a Bubble Panel so kids can expand their imagination and pretend to be in an underwater submarine or space rocket blasting off for a distant planet. A Double Slide and Tube Slide can be found on one end to zip down and there are so many features around the edges of the structure within easy reach for wheelchair users such as Rain Wheels, Bongos, and Single Drums. There's even a Lookout Deck with a Ship's Wheel to put them in command of their very own ship and a long and twisting 25-platform Pebble Climber to get between the sections. A Spiral Climber and Carrot Climber are also included on the set.
