# Product Description —

Three ADA Ramps make the Riverbend Run fully compliant and accessible for less abled children so they can have just as much fun. Five slides can be found on the structure including two Double Slides, a Right Turn Slide, a Wave Slide and a very long and twisty Curved Tube Slide to zoom down. Two different styles of Boulder Climber encourage motor skill development as well as stimulating the imagination as they cling on to the side of a cliff, but there are many other ways to get up including a Pebble Climber, a wobbly Wavy Snake Climber and a Pod Climber too. Two Rain Wheels and two Ship's Wheels complement a larger Lookout Deck with Ship's Wheel so multiple children can set a course along a river or out to sea. Games can be played again and again on the interactive Tic Tac Toe Panel, a Maze Panel helps problem-solving abilities and Gear Panel is ideal for discovering cause-and-effect movements.
