

Product Description —

It's quite unfair when disabled kids can't enjoy playtime the way other kids do. This Tallgrass Prairie Playground Set ensures every kid can have the fun they deserve. It's perhaps the largest, fully accessible play set out there and surely makes for a great addition to your playground. It allows all kids to climb onto it and have an exciting play session together. The low inclined spacious ramp near the ground level facilitates wheelchair users to access the platform easily. The decks are wide enough that the wheelchair can easily be turned around when it's time to leave. For an additional layer of adventure, there are other stimulating entryways like climbers and ladders for kids who love challenges. The Spiral Slides, Net Climbers, and Orbital Spinners are exciting ways to access the higher platforms and are sure to lure in those daring spirits. The Tallgrass Prairie has interlinked decks for kids to access all activities easily. Every visit here means discovering a new way out!
